

Alberta Provincial Exam Practice Form

DataLink1200 (formerly called Advantage1200) Form# 29360 & 29370

(These test answers sheets are unique in that you can treat each test as individual or combine both sides to be one single test. Manual item analysis can be done for both sides.)

Only scan on DataLink1200 / Advantage1200 Test Scoring Machine! / *Requires a special firmware.*

Directions on use:

Option #1 (Scoring both the front and back as a single test can only be done without the DL software)

Key:

- Scan side 1 (1-100 questions)
- Scan side 2 (numeric – 1-10 questions)

Test:

- Scan side1 (1-100 questions)
- Scan side2 (numeric-1-10 questions)

Item Analysis Report sheet item# 23570:

- Scan item analysis “Pass 1” section for blue then flip to green side “Pass 1” section and scan.
- Flip and scan blue side for “Pass 2”.
- Fold and tear off “Pass 2”
- Scan blue side again to complete.

IMPORTANT: NUMERIC QUESTION 1-10 RESULTS ON THE ITEM ANALYSIS SHEET WILL BE DISPLAYED ON (GREEN SIDE) 101 TO 110 BOXES OF THE 23570 ITEM ANALYSIS SHEET.

Option #2 (Scoring one side of the form only.)

Use side one only. (1-100 questions) (Scored with or without DataLink (DL)connect software)

Datalink

- Only side one will work on “Datalink” software.
- Scan or download electronic key for side 1.
- After scanning side 1 (questions 1-100) with Datalink opened, run item analysis report within Datalink. (run, save and print report within Datalink)
- Save your test and then close datalink.

Use side two only. (numeric-1-10 question) (Score only in manual mode without DataLink (DL) connect)

Stand alone

- Side two (numeric) will only work without the “Datalink” software.
- Reset scanner to “Ready”
- Scan key for side 2 (numeric – question 1-10)
- Run side two (numeric – question 1-10)
- Run manual item analysis form# 23570 (Green side only!)
